

## Site Partner Information

Are you helping to lead inclusion in the workplace?

MentorAbility Canada Project is a national initiative by the Canadian Association for Supported Employment (CASE) which helps employers, people with disabilities and service provider organizations to get results in workplace inclusion.

MentorAbility leverages collaboration between a national network of employment service providers and the Canadian Business Community to create opportunities for career mentorship and a deeper understanding of the abilities of the fastest growing 'minority group' on the planet – people with disabilities. MentorAbility enlists one or more members of a workplace to mentor a "matched" Protégé who wants to learn more about that workplace or career.

The MentorAbility Experience is supervised by a local employment service provider and is intended to be **from 1 hour to 1 day long** at the employer's discretion.

Each MentorAbility Experience provides opportunity for job-seekers to increase their knowledge of an industry or career, as well as provide workplaces with increased familiarity and new competencies with this diversity group.

The local service provider facilitating the MentorAbility Experience brings extensive knowledge around disability and employment inclusion which can be utilized by employers to improve inclusive recruitment, training, engagement and employee retention.

### MentorAbility enhances the work of local service providers in the following ways:

- Provide a new platform/mechanism for employer engagement
- Increase employment inclusion outcomes
- Connect to a regional and national network of collaborators and resources
- Promote your work on the CASE/MentorAbility website and social media platforms
- Support and collaborate on employer events
- Promote employer events and activities.

### Goals:

Assist employment service organizations to learn how to incorporate mentoring as an effective method for improving employer engagement and placement results for people with disabilities. Recognize and celebrate mentoring success stories as part of the national effort to promote the employment and full citizenship of Canadians with disabilities.

## Who Can Become a Site Partner?

Organizations working towards the employment inclusion of Canadians with disabilities. The role of Site Partners is to identify job seekers with disabilities whose career exploration and job search would be improved by a MentorAbility Experience.

Site Partners collaborate with Provincial Coordinators to identify employers who would benefit from 'trial exposure' to disability inclusion. Site Partners use the MentorAbility Experience as a Career Exploration tool for the job-seekers they serve, as well as to increase employer confidence about hiring a person with a disability.

### Process:

- Connect with your Provincial Coordinator to acquire resources and an info-session
- Fill out the MentorAbility Canada Sign-Up Form
- Engage with your MentorAbility Network for new ideas, resources and collaboration
- Add MentorAbility to your employer engagement toolkit
- Add MentorAbility as a Career Exploration/ Interview Preparation Tool for your clients
- Have Protégés and Employers fill out the "Sign-Up Form"
- Develop new employer relationships by facilitating MentorAbility matches

## Why Become a Site Partner?

One of the many benefits for you and your organization is that, with your permission, this project will promote within its network of members and followers your company's mentorship of this Protege on our social media channels.

During this project MentorAbility Canada will deliver over 140 workshops, numerous webinars and hold many DEAM and Employer events. Site Partners and their respective communities can benefit from these activities and network events.

### Questions?

Reach out to your Provincial Hub for information any time.
