

DISABILITY EMPLOYMENT AWARENESS MONTH

Canada

What is DEAM?

Disability Employment Awareness Month (DEAM) takes place every October to promote and celebrate inclusion of people with disabilities in the workplace.

Why is it important?

Persons with disabilities still face barriers to employment. DEAM is just one way we, as a community and nation, can come together to remove those barriers for job seekers with disabilities.

What is MentorAbility?

MentorAbility is a national initiative providing employers with a safe space to learn about inclusive workplace for people experiencing a disability, while also providing a short-term mentorship opportunity to someone interested in your industry.
